

**KANSAS SOCIETY OF  
INTERVENTIONAL PAIN PHYSICIANS**  
THE VOICE OF INTERVENTIONAL PAIN MANAGEMENT

# 3<sup>rd</sup> KSIPP ANNUAL CONFERENCE

InterContinental Kansas City at the Plaza  
**29-30 September 2023**

CONFERENCE  
**PROGRAM**

## Friday, September 29, 2023

- 12:00-1:00 pm **LUNCH SYMPOSIUM**  
Sponsored by SPR  
*No CME*
- 1:00-1:25 pm **Opioid Use disorder: Diagnosis and Management**
- 1:25-1:50 pm **Controlled Substances, Telemedicine and DEA 2023. Navigating the regulatory guideline and Best Practices**
- 1:50-2:15 pm **Strategies to preventing Polypharmacy in Chronic Pain Management and Understanding Risk.**
- 2:15-2:40 pm **PM Pharmacological Consideration in impaired Gastrointestinal Absorption, Genetic rapid metabolizer. Medication management plan for chronic Pain**
- 2:40-3:05 pm **NMDA Modulation in Chronic Pain with Depression and opioid tolerance. Ketamine infusion. Underappreciated or Broken Promise. Multidisciplinary expert consensus**
- 3:05-3:40 pm **Coffee break**
- 3:40-4:05 pm **Migraine Headache: Current consensus on Medication Management**
- 4:05-4:30 pm **Cervicogenic Headaches: Interventions available when Medication Management Fails**
- 4:30-4:50 pm **Evolving Landscape: Role of Nurse Practitioners in Approaching Patients with Chronic Pain and Management Strategies**
- 4:50-5:15 pm **Buprenorphine and Naltrexone: Practice Challenges for Patients with Co-occurring Pain/Opioid use Disorder**
- 5:15-6:30 pm **Opening Cocktail Reception with appetizer exhibit area**

---

## Saturday, September 30, 2023

---

- 7:45-8:30 am **BREAKFAST SYMPOSIUM**  
Sponsored by Nalu  
*No CME*
- 8:30-8:55 am **Peripheral Nerve Stimulation: Potential Targets and Pearls to Improve Outcome**
- 8:55-9:20 am **Neuromodulation: Multiple Waveforms. Appropriate Patient and Waveform Selection Learning from the Past**
- 9:20-9:55 am **Neuromodulation: Chargeable vs Rechargeable Battery. Pros and Cons. Does Improve Outcomes**

- 9:55-10:20 am **Future of Neuromodulation: Closed loop Stimulation: Is it a game changer. What have we learned so far?**
- 10:20-10:50 am **Coffee break**
- 10:50-11:15 am **Neuromodulation: For Intractable Back Pain with Virgin Back: Neurosurgeons Prospective**
- 11:15-11:40 am **Neuromodulation: Diabetic Neuropathy. Does Wave form matters? Review of current literature**
- 11:40-12:05 pm **Managing Social Media and Online Reputation: Is it a part of physician new job profile. How important it is? How to succeed?**
- 12:05-1:05 pm **LUNCH SYMPOSIUM**  
Sponsored by Medtronic  
*No CME*
- 1:05-1:25 pm **Young Physician Panel: Emerging role of Artificial Intelligence in Pain Medicine. How will it shape the future?**
- 1:25-1:50 pm **Ever Changing Landscape of Payers Policy and Coverage. Role we can play as a group regionally to improve patient access**
- 1:50-2:10 pm **New Disruptors: Novel Interventional Techniques for Lumbar Spinal Stenosis and Degenerative Disc Disease. Where do they fit in treatment paradigm?**
- 2:10-2:30 pm **Inter Spinous Spacers versus Open Decompression: Review of current literature. Pros and Cons**
- 2:30-3:00 pm **Coffee break**
- 3:00-3:20 pm **Low Back Pain: Multifidus Muscle Stimulation. Current concepts and role**
- 3:20-3:40 pm **Sacroiliac Joint Dysfunction. When to consider SI joint fusion. Different Approaches and Best practices**
- 3:40-4:00 pm **Chronic Pelvic Pain: Diagnosis and Coverage policy. Dorsal Column versus Dorsal Root Ganglion Stimulation**
- 4:00-4:20 pm **Diabetic Peripheral Neuropathy: Role of Chemical Denervation. Review of current evidence and management consensus**
- 4:20-4:40 pm **Axial Spine Pain: Vertebrogenic, Discogenic and Post Spine Pain. Making the right Diagnosis and role of Basivertebral nerve Ablation. Current Multidisciplinary consensus.**
- 4:40-5:00 pm **Intrathecal Pump for Chronic Pain. Does it has any place in current treatment paradigm. How to successfully incorporate in a practice.**
- 9:00-11:30 pm **Party with DJ and drinks. All attendees and exhibitors are welcome to attend.**
